To Whom It May Concern:

In cooperation with the Harvard Debate Council (HDC), the United States' National Forensic League (NFL) has developed a Public Forum textbook and full academic curriculum for distribution throughout the world.

The textbook and curriculum have been developed over the course of the last year and aim to provide students worldwide with the instruction in public speaking and debate that they need to compete in the most competitive debate tournaments worldwide. The material is based on more than 200 years of combined NFL and HDC experience in competitive debate and academic instruction.

The HDC and the NFL have selected Dipont Education Management as the exclusive distributor of this curriculum in China.

Sincerely,

A handwritten signature in blue ink that reads 'J. Scott Wunn'. The signature is fluid and cursive, with the first letter 'J' being particularly large and stylized.
